TUCK INTO VERSATILE DESIGN.

Tuck has been recognized with a GOOD DESIGN™ Award from The Chicago Athenaeum: Museum of Architecture and Design as well as a Best of NeoCon Award. Engineered without fasteners to create a linear and clean aesthetic, Tuck's highly durable structure is rated to support up to 350 lbs. That makes it a tough chair that still looks great at the end of a long day.

MIX AND MATCH.

The Tuck series includes a range of heights, frame designs and upholstery options. All are available in 11 polypropylene options and 12 frame colors that can be mixed and matched to create dynamic environments.
